## **Music & Ministry:**

These are the most important sessions during the music conference. They are for YOU! We know that you, the minister of music in your home church, have to consistently work on the music during the service. During this time, you can concentrate on worshipping the Lord.

We no longer tape the seminars, we only had a few number of orders in the past years and find that there were no real interest in the tapes, if you wish this to continue in future years, request it on the evaluation form. You may bring your own recorder and tape the classes for yourself if you wish.
